### **Vision and pillars of Viksit Bharat @ 2047:**

**VISION:** The “Vision of Viksit Bharat @2047” is an ambitious initiative of the Government of India aimed at transforming the nation into a fully developed country by the year 2047, marking 100 years of India’s independence. This vision serves as a comprehensive roadmap for national development, encompassing key areas such as economic growth, social progress, environmental sustainability, and good governance. It outlines strategic goals and long-term reforms to ensure that India emerges as a global leader, offering prosperity, security, and opportunities for all its citizens.

### **Pillars of Viksit Bharat @ 2047:**

**Yuva (Youth):** This pillar focuses on empowering India’s youth by enhancing access to quality education, skill development, and innovation opportunities. It aims to prepare young citizens to become the driving force of the nation’s growth by ensuring meaningful and productive employment.

**Garib (Poor):** This pillar emphasizes poverty eradication and inclusive development. It envisions providing universal access to quality healthcare, education, housing, and economic opportunities so that every citizen can participate fully in the nation’s progress.

**Mahilayen (Women):** This pillar seeks to ensure the full empowerment and inclusion of women in social and economic spheres. It aims to significantly increase women’s participation in the workforce, leadership roles, and entrepreneurship, fostering gender equality and social advancement.

**Annadata (Farmers):** This pillar focuses on strengthening the agricultural sector, improving farmers’ income, and promoting sustainable agricultural practices. It envisions transforming India into a global food hub—the “food basket of the world”—by enhancing productivity, technology adoption, and market access for farmers.

### **Sustainable Development For Viksit Bharat @ 2047:**

#### **1. Economic Development:**

At the heart of Viksit Bharat @2047 is a strong commitment to sustained and inclusive economic growth. The vision underscores

the pivotal role of innovation, entrepreneurship, and technological advancement in building a dynamic and resilient economy. By making strategic investments in critical sectors such as technology, manufacturing, and infrastructure, India aims to emerge as a global economic powerhouse by 2047. The focus on inclusive development ensures that the gains of growth reach every section of society, helping reduce socio-economic disparities and creating equitable opportunities for all.

## **2. Social Progress:**

Viksit Bharat @2047 places strong emphasis on social progress, with the goal of enhancing the quality of life for every Indian citizen. The vision envisions a society where education is universally accessible, healthcare is treated as a fundamental right, and social equality is firmly upheld. It advocates for the empowerment of women, the upliftment of marginalized communities, and the promotion of diversity and inclusion. These initiatives collectively aim to build a just, equitable, and socially cohesive nation.

## **3. Environmental Sustainability:**

Viksit Bharat @2047 recognizes that true development must be sustainable and environmentally responsible. The vision emphasizes the need to balance economic progress with ecological conservation, ensuring that growth does not come at the cost of the planet. It promotes the adoption of green technologies, renewable energy sources, and eco-friendly practices across industries. Strengthened environmental regulations and focused conservation initiatives aim to protect India's rich biodiversity and safeguard natural resources for future generations.

## **4. Innovation and Technology:**

In its pursuit of comprehensive development, Viksit Bharat @2047 places strong emphasis on leveraging the transformative power of innovation and technology. The vision outlines significant investments in research and development, the promotion of a knowledge-driven economy, and the integration of cutting-edge technologies across sectors. By fostering a culture that encourages creativity, critical thinking, and problem-solving, the initiative aims to position India as a global leader in innovation and technological excellence.

## **5. Good Governors:**

A cornerstone of Viksit Bharat @2047 is the promotion of good governance, recognizing it as essential for building public trust and ensuring effective policy implementation. The vision emphasizes transparency, accountability, and efficiency in government operations. Key initiatives include streamlining bureaucratic processes, eliminating corruption, and strengthening the performance of public institutions. Additionally, the vision encourages greater citizen engagement and participation, fostering a government that is responsive, responsible, and aligned with the needs of its people.

## **6. International Collaboration:**

Viksit Bharat @2047 acknowledges the deep interconnectedness of nations in today's global landscape. To achieve its ambitious developmental goals, the vision emphasizes the importance of strengthening international partnerships and collaborations. By promoting the exchange of knowledge, technology, and best practices, India seeks to accelerate its progress and contribute meaningfully to addressing global challenges. This collaborative approach aims to position India as a proactive and responsible partner in the international community.

## **Conclusion:**

Viksit Bharat @2047 stands as a testament to India's unwavering commitment to building a future that is economically strong, socially equitable, environmentally sustainable, and governed with transparency and accountability. As the nation approaches the centenary of its independence, this visionary roadmap reflects the collective dreams and aspirations of over a billion citizens, united in their pursuit of progress and prosperity. Through sustained efforts, strategic reforms, and a shared sense of purpose, Viksit Bharat @2047 aims to create a developed, dynamic, and inclusive India—one that honors its rich legacy while confidently shaping a brighter future for generations to come.
